The IRG-Rail's Fourth Annual Market Monitoring Report is now publicly available

25.03.2016

The IRG-Rail's Fourth Annual Market Monitoring Report is now publicly available. The Report represents the development of the European railway market serving as a source of information for stakeholders. The report covers data for 2014 and previous years from 24 IRG-Rail member countries.

The report and its annex providing detailed data about respective railway markets can be found [here](#).

The Office of Rail Transport has actively participated in the preparation of the report for the second consecutive year (Market Structure chapter). The Director General of UTK is the chairman of IRG-Rail in 2016.
